

PEACE ACTION TO BE BLOCKED

Senate Not Expected to Vote
Soon on Resolution Passed
By House.

By J. BART CAMPBELL.
(International News Service.)

The Senate is not expected to vote soon on the peace resolution passed by the Republican-controlled House last night.

Lacking sufficient Democratic votes to defeat the measure, Senator Hitchcock, Nebraska, the Administration's spokesman, is planning dilatory tactics to block early final action. A Democratic filibuster may result.

Course Undecided.

Senator Borah, Republican, of Idaho, and others of the group of "irreconcilables" opposed to the Treaty of Versailles, have not yet decided what course they will pursue.

That there will be a protracted debate before the Senate finally disposes of the resolution is predicted by both its proponents and opponents.

The resolution will reach the Senate Monday, as today's session will be devoted to tributes to the late Senator Martin of Virginia, to the exclusion of all legislative business.

When a duly engrossed copy of it is formally transmitted by the House to the Senate on Monday it will be referred to the Senate Foreign Relations Committee, where it is likely to remain for several days.

HARRY M. CRANDALL HEADS 'MOVIE' MEN

Owner of Chain of Capital
Theaters Elected President of
Associated Exhibitors.

Harry M. Crandall, prominent Washington motion picture exhibitor and owner of the most extensive chain of photoplay houses in the Capital, yesterday was elected president of the Associated Exhibitors, Inc., at a meeting held in the Astor Hotel in New York City.

This is the first time in the history of motion pictures that a Washington man has been placed at the head of an organization of national scope.

The Associated Exhibitors, Inc., is composed of the foremost exhibitors of motion pictures in the United States, the membership representing ownership of more than 200 of the finest theaters on the continent.

At the present time Mr. Crandall owns and operates seven theaters in Washington, one in Connellsville, Pa., has one nearing completion in Cumberland, Md., and contemplates the early construction of still others in nearby cities.

Crandall is a native Washingtonian, who entered the motion picture field less than a dozen years ago as a manufacturer of news and feature films.

He then became interested in the exhibition of pictures and acquired the Joy Theater at the corner of Ninth and E streets northwest.

Since that time his progress has been rapid. At the present time Mr. Crandall owns and operates seven theaters in Washington, one in Connellsville, Pa., has one nearing completion in Cumberland, Md., and contemplates the early construction of still others in nearby cities.

JOHNSON OFF FOR NEBRASKA

California Senator Well Pleased
With Chances for Presidential
Nomination on G. O. P. Slate.

NEW YORK, April 10.—Still pleased by results of the Michigan primaries and "amused by the alibi of certain distinguished friends," Senator Hiram W. Johnson closed his campaign in New Jersey last night and started for Nebraska today, where he will oppose Gen. John J. Pershing and Gen. Leonard Wood for endorsement as the Republican Presidential nominee.

In Jersey City last night, Senator Johnson said he accepted the explanations offered by economists for the high cost of living, adding that "drastic" laws of punishment and "elastic" laws of investigation should be applied to the problem. His cure for speculation would be to "promote and if we have the laws, to punish him."

"Makeshift taxation which bears heaviest on small corporations and partnerships should be repealed," Mr. Johnson said.

"Much as I detest the profiteer," he went on, "I also detest the patriotizer who wraps himself in the American flag and hides a mass of ugly sores behind that banner. You have got to toe the mark in this campaign."

Wants "Justice With Law." Senator Johnson then dwelt upon the Wood slogan, although not mentioning the general by name. "You are for law and order," he said.

"Let me tell you, my friends, you can't bury the American flag and have the American people walk over the grave of that flag without its becoming an issue in an American campaign."

He then dwelt upon the issue of the League of Nations, Mr. Johnson said.

CLARK'S MILK ASSN. SETS PRICES IN D. C.

Attorney at House Hearing
Reads Letter to Producers of
Maryland and Virginia.

Hearings on the milk regulation bill before the House District subcommittee today were interrupted by Charles W. Darr, an attorney, who tried to force an admission from Dr. Harvey W. Wiley, the Maryland Milk Producers' Association fixes the price of milk sold in Washington.

The upshot of a sharp controversy involving the practices of the milk producers was that Congressman Walters, in charge of the hearings, told Mr. Darr he would be given opportunity at another time to go into the commercial aspects of the milk situation in the District.

When Dr. Wiley, who is on the legislative committee of the Virginia-Maryland association, resumed his testimony this morning, Mr. Darr said he would like to ask the witness about the practice of the association which has been charged with fixing the price of Washington milk.

Formed for Protection. In reply to questions, Dr. Wiley said his association had been formed to protect the legitimate interests of its 700 members.

He explained that after the committee studies the cost of production and that the price asked by the association is fixed at that cost plus 10 per cent, which he believes was perfectly legitimate.

Mr. Darr, who said he represents L. H. Black and other shippers, then read a letter sent to members of the association and signed by the secretary, George F. Booker, Jr., in which he attempted to bring out that the association insists on a fixed tax.

"I don't know," he went on to tell members to "stand by the dealer who stands by you."

Dr. Wiley declared he had things to do other than legislative matters connected with the association, but said he believed the contents of the letter and believed such a stand was just.

Congressman Moore of Virginia and others tried to sidetrack the question of fixing prices, but Dr. Wiley declared that the commercial aspect would have to be considered by the committee in framing any legislation.

After a consultation it was decided to go on with the hearings and leave that question for another time.

Dr. Wiley went into the question of grading of milk. He said he was heartily in favor of grading, and stated that he claimed would be a long step backwards in the proper safeguard of health.

Government experts were practically agreed that the additional cost of pasteurization would further safeguard health, and declared that the milk could not be made too safe.

Dr. Kelly, of the Department of Agriculture, said that pasteurization should not be urged as a means of safeguarding health, but that it should be urged as a means of safeguarding the milk supply.

By taking the most precautions the greatest safety to the milk supply can be secured, he said.

The sale of coffee raw milk proved a reasonable safeguard, he said, but he did not believe the milk would be as safe as if it were pasteurized.

Former Food Controller Reiterates He Will Not Accept Nomination On Party Ticket.

NEW YORK, April 10.—Herbert Hoover again has answered "no" to an inquiry whether he would accept the Democratic nomination for President.

In a telegram sent to Chandler M. Wood, chairman of the executive committee of the Democratic State committee of Massachusetts, Mr. Hoover said:

"Your published letter asking if I would accept the Democratic nomination has been received by me this morning, and I appreciate the implied compliment. I gather that it was written prior to a statement made last Saturday, which appeared in Boston and other papers. You will no doubt therefore now appreciate that the answer to your inquiry is 'No.'"

"The association went on record as being in favor of the early appointment of a Superintendent of Police to succeed the late Major Pullman."

The attention of the Engineer Commission was called to the condition of Thirteenth street between Madison street and Colorado avenue and a resolution was adopted urging that that street be macadamized or paved with crushed stone. Needed repairs of Shepherd road at Georgia avenue were also urged by the association.

Dr. H. Fisher, of the Health Department, addressed the members of the association on "Social Hygiene."

A Nelson Wilson was elected a member of the association.

PALMER STRICKEN AGAIN. MACON, Ga., April 10.—Attorney General Palmer was forced to cancel his engagement at Waycross in his primary campaign speaking tour because of an attack of acute indigestion similar to that which he suffered Monday at Gainesville.
